Student Life

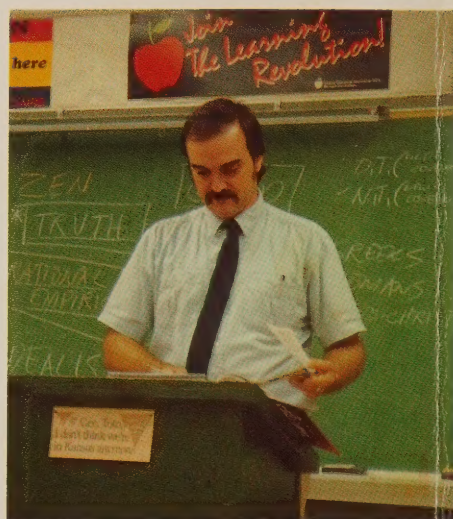

- Just being friends.
- ▼ "Good morning!" Ashley Smith prepares her wake-up call.

- ▲ J.S.B. philosophers at work. "Isn't that great gang" or "nothing is cool".

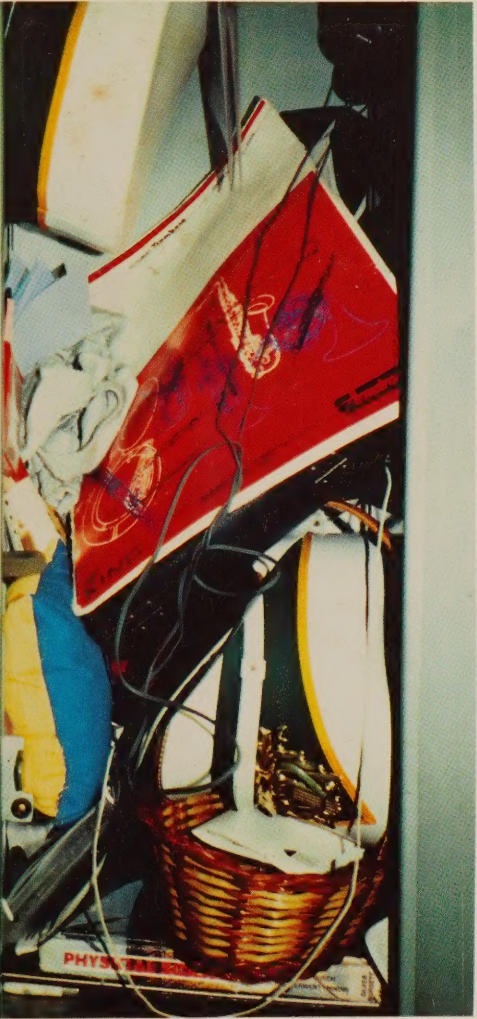

- Lori Larkey is "just hangin' out".

- ◀ Smiles dominate the cafeteria.

INTO THE

90's

▲ The familiar scene of locker chaos.

► "You've got to be kidding!" Michelle Clonch remembers not to believe everything she hears.

◀ A J.S.B. student dares to walk the trail alone. And we dare ask, "Does he have a pass?"

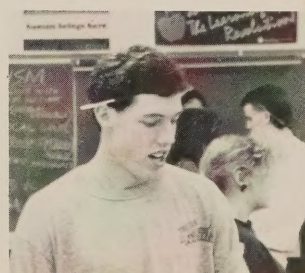

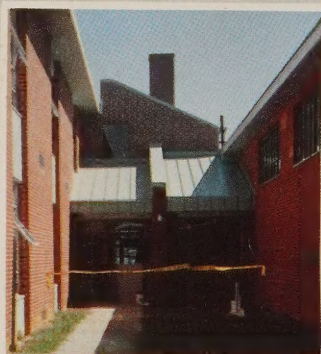

Don Eanes contemplates the ultimate question: "Is that who we play Friday?"

Mrs. Parker demonstrates to Mayur Patel the consequences of late homework.

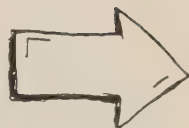

New Scenes At J.S.B.

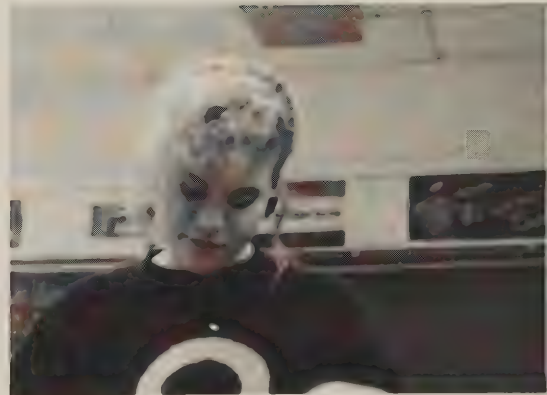

John Battle got a face lift over the summer of 1989! Work began before the end of school last year and continued into the beginning of this year's term. Ramps for the handicapped were installed. Efficient work stations replaced the long black tables in the chemistry room. The central hall that runs past the library was extended all the way to the Mason Building. (This extension would prove to be warmer than the old sidewalk that it replaced on COLD winter mornings!) Even a satellite dish was installed. The dish will be used to receive "electronic classroom" broadcasts. Students of the "electronic classroom" will be linked to teachers in other areas via a telephone and a television. Advanced placement English and Calculus courses are among the few already being broadcast. Battle's system was not up and working this year, but will probably play an important role as an educational tool later into the 90's.

Battle's own French IV class welcomes Mrs. Asturias to her first year here. (Above) Students always show great support for the annual blood drive. (Right) The little golf cart used by the band tows three trailers of equipment onto the field for every practice and performance — including everything from a synthesizer to a gong. (Left)

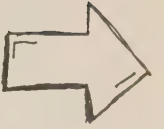

"Turn around. I'm trying to take your picture."

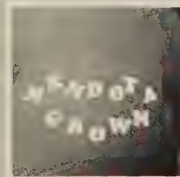

Tees that please — A simple tee-shirt can see a lot about someone. A shirt may convey one's thoughts, feelings, preferences or tastes. While some shirts are controversial, some universal and some classical, all express something about the person that wears them.

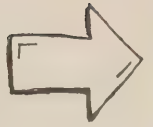

The Price Of Eggs

Food prices went up at John Battle this year. Lunch costs rose to \$1.25. Some students may complain about this increase, but are quickly reminded that the price still remains well below the price of fast food.

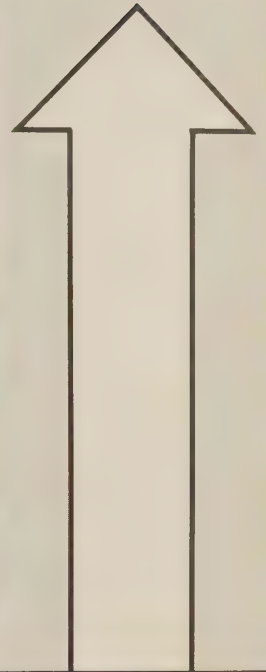

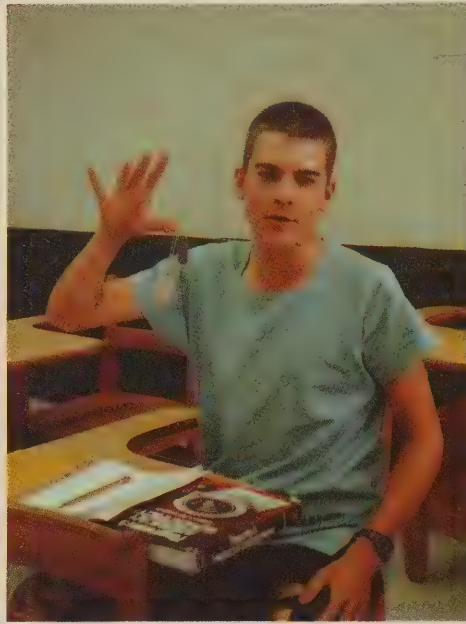

Traffic, with more and more upperclassmen driving to school, gets pretty bad in the afternoons.

Chris Rasnake takes a minute from studying to wave at the photographer.

Early in the mornings, school buses unload students and pick up more students to take them to their destinations.

J.S.B. INTO THE NINETIES

The 1989-90 Phoenix Staff wishes to dedicate this edition of the *Phoenix* to Mr. V.T. Rector III, Mr. Ronnie Fore, and Mr. John Brown. We feel that these administrators have made outstanding contributions to John S. Battle and will continue to make improvements that will carry John Battle into the nineties.

Mr. V.T. Rector is a graduate of Patrick Henry High School and attended college at E.T.S.U. and Radford. He held positions at Patrick Henry and Holston High Schools before coming to John S. Battle in 1977 as principal.

Mr. Ronnie Fore, assistant principal, is new at John S. Battle this year. He comes to us from Patrick Henry High School, where he taught mathematics for several years. Mr. Fore is a graduate of Patrick Henry High School and Virginia Tech.

Also new to John Battle this year is Mr. John Brown, Athletic Director and Administrative Assistant. Mr. Brown attended Virginia High School and college at Mercer University, Virginia Tech, and the University of Virginia. Mr. Brown formerly taught at Virginia High School.

We wish all the administrators good luck and a great future at John S. Battle.

VERONICA ONTKO

The time was growing near for the start of the annual Miss John S. Battle pageant. The dressing room was filled with anxious contestants who were touching up their hair and make-up and getting advice and compliments on how they looked.

Dale Cook, Master of Ceremonies and Kim Nicewonder, Miss Virginia 1989, Mistress of Ceremonies, began the pageant with the Welcome and Introduction.

The pageant was soon underway as each of the contestants modeled her Hawaiian outfit and introduced herself. After this, the contestants made a quick change and were presented with their escorts.

Jacqueline Price received the Miss Congeniality award, and Jennifer Frye was selected to be Miss Photogenic.

The contestants were narrowed down to 20 and then to 10 semi-finalists. These 10 girls began to get anxious as it became time to announce the five finalists:

PROM '89

1989 Junior, Cathy Robins, shares a special moment with her date.

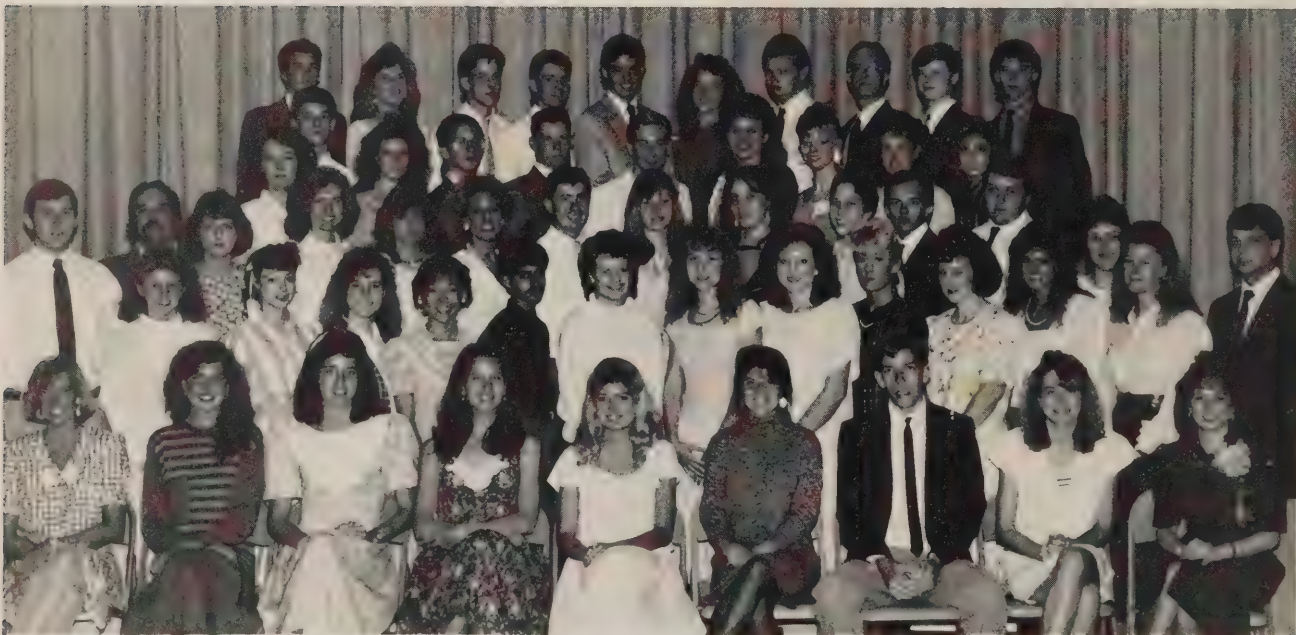

The 1989 John S. Battle Junior-Senior Prom was certainly special. Held on the twentieth of May at the historical Martha Washington Inn, the prom will be a memory that will last forever.

Decorations were centered around the colors of silver, white, and black. The theme was "Just You and I."

The music was provided by a WQUT D.J., with a variety of music that everyone could dance to — even the chaperones.

DR. STAINBACK AT

Washington County's new Superintendent of Schools, Dr. George Stainback, spoke at the 1989 National Honor Society Induction. John Battle students were pleased to be the first school to have Dr. Stainback speak before he officially took office. "Great Season!! Won the most games since 1968." This quote from head coach, Bo Catron, says it all. But just how did the Trojan team achieve this? "Teamwork," says 11th grader Aaron Baker. "We had a lot of enthusiasm during practices, which led up to a great season." When senior Keith Perrigan was asked what the team's greatest asset was he replied, "Everyone was so close; we were not just a team; we were all like brothers." The reply was unanimous when asked what the goal for next year was ... "10-0!" Keith sums it up best when he said, "We created history; this team will always be remembered!" Congratulations guys!!!

Barry Puckett, the quarterback, hands the ball off to one of his trustworthy teammates.

There is never a season like the one before. A season is never considered a failing season; there is always something gained, whether it be the Championship game or just enriched confidence in one's self. Every season is a winning season for the John S. Battle Trojans, and this season was no exception. Failure is a word unknown to them. They've learned to keep an optimistic attitude and use determination and lots of practice to achieve their goals. When Head Coach Jim Mink was asked what the main objective for the team was, he replied: "To be playing our best when the tournament rolls around." And if this Trojan team lives up to its reputation, they will be doing just that! Great going guys!

The Tradition lives on!!

Despite preparations for the trip to the Mid-West International Band and Orchestra Clinic, the John S. Battle Golden Band of Sound had a successful marching season. The band received "superior" ratings at the Jonesboro Festival of Bands and V.B.O.D.A. State Marching Festival and was Grand Champion at the Bristol Marching Classic. All this and the honor of being one of two high school bands invited to perform at Mid-West in Chicago. What a band!

That doesn't look like a drum, Darrell!

CLASSES

The study of the English Language can be both difficult and fun. Through the English classes taught at John S. Battle the students learn the basics of English such as sentence structure, punctuation, and how to avoid sentence fragments, and run-on sentences. They also learn how to express themselves orally and written. The things students learn in English are not only useful in that class, but in any class that they may take.

Pat Maiden and Wes Stein prove "there is no pain in drama."

HOME EC.

Chorus helps students expand their vocal talents and prepares them for singing careers, whether it be in the church choir or as the lead singer in a band.

Art gives students the opportunity to be creative. It prepares them for a world of art, whether it be as an artist or an art lover.

Home Ec. teaches students the fundamental needs of homemaking. It teaches them how to take care of themselves once they are on their own.

Thanks to these classes, students are stepping into the '90s with self-assurance and confidence.

— Amanda Haworth '92
French II

The Foreign Language Department at John S. Battle consists of French, Latin, and Spanish classes. Each subject gives the opportunity of four years of study. This year we welcome two new teachers to the Foreign Language Department. They are Ms. Austurias (French) and Mr. White (Spanish), along with Ms. Wolfe (Spanish) and Ms. Walters (Latin). We look forward to many more productive years of Foreign Language Study — thanks to the hard work and dedication of these teachers.

AND P.E.

Health, P.E., and Driver's Education are taught as part of the Physical Education curriculum. These classes not only teach the students about sports, hygiene, or how to drive, but they also teach the importance of a sound body in order to have a sound mind. These classes help to prepare for life in the '90s.

& HORTICULTURE

INTO
THE
90's

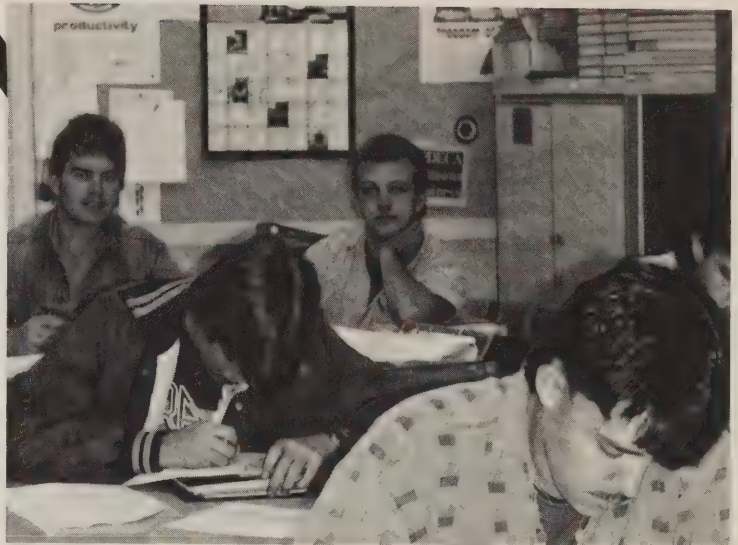

To prepare J.S.B. students for future endeavors, the school offers classes in Agriculture, Trades, and Horticulture. These classes are among the most popular here at J.S.B. for many reasons. Students in these programs realize how valuable basic trade skills and agriculture knowledge will be to them as they grow older, especially as home owners. Similarly, Horticulture classes give students basic knowledge in producing fruits and vegetables, growing greenhouse plants, floral and landscape design, and merchandising.

MARKETING

& COE ED.

INTO
THE
90's

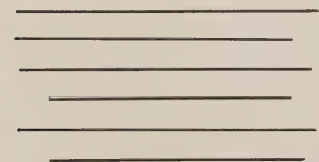

"Cooperative Office Education" (COE) is a division of Business Education. Through this program high school students are given the opportunity to have hands-on-experience in the business office while still in school.

"Marketing Education" allows students to have the opportunity to learn about retail, wholesale, and service businesses through hands-on experience.

Both of these programs teach students the responsibility of a job and helps to prepare them for jobs after high school graduation.

CLASSES

INTO
THE
90's

The math department at John Battle continues to provide a strong basis of preparation for advances in today's world. The uses of math certainly affect us all in everything we do. This year, we are very fortunate to have Mr. Lenker join the other dedicated teachers in the math department. Thanks to these teachers, we will have the strong mathematical background that is required for today and the future.

STUDIES

INTO
THE
~~90's~~

There are six areas of social studies available to students at John B. Rutledge. First, economics is an elective which deals with trends in our financial system and how we spend the money we make. Second, the humanities analyze the connection between art and civilization and the effects they have on each other. Third is psychology, the study of human behavior. While in this class, students learn to understand themselves better and how to interact with society more effectively. Fourth, in Virginia and U.S. government classes students learn the ways in which we govern ourselves. Fifth, world geography deals with the physical and political features of the world. However, this class is also the study of the cultures and people of these regions. Sixth, world history and Virginia and U.S. history look into the past and the ways in which that past affects the future.

VOCATIONAL

"Drafting is one of the many technical trades taught at the Neff Center. All of the classes will help you later on in life, as they will also help me in the Army."

— Robert Mabe '90

EDUCATION

INTO
THE
90s

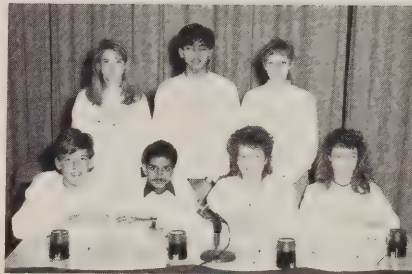

The William N. Neff Vocational Center serves as an extension school for the four high schools in Washington County. The students who take vocational and technical training attend the school for one-half of the school day. The school offers training in the areas of Trade and Industrial Education, Occupational Home Economics, and Health Occupations. Three credits are earned for each year of work successfully completed.

ACADEMIC

S.W.A.C. proves knowledge is power. The Southwest Academic Conference gives students a chance to put their classroom training in certain areas to work in competitions against other area high school students. S.W.A.C. consists of five teams: English, Math, Science, Social Studies, and an All-Around team. Twenty-four students of John S. Battle participated in the 1989 S.W.A.C. season. Each competition consists of ten directed questions and ten toss-up questions. This is true for every team, with the exception of the All-Around team, which consists of twenty-five toss-up questions. In addition to English, Math, Science, and Social Studies, the All-Around team covers the following areas: Art, Architecture, Philosophy, Mythology, Religion, Music, and Psychology. Each student is responsible for knowing information concerning the area in which he/she is participating. Although it is hard work — it is well worth it. This was proven by the results of last season. The English team, coached by Mrs. Dalton, received first place. The All-Around team, also coached by Mrs. Dalton, received second place. The Math team, coached by Mrs. Parker and Ms. Puckett, the Science team, coached by Mrs. Long, and the Social Studies team, coached by Ms. Edmondson, all had respectable seasons.

ENGLISH: Row 1 — Shannon Meade, Tammy Smith, Andre Hakes, Sabrina Talbert; Row 2 — Tammy Hutchinson, Jeff Waddell, Wendy Rankin, Coach — Gail Dalton.

SCIENCE: Belinda Rushing, Pam Atwell, Michelle Clonch, Eddie Lowe, Coach — Linda Long.

ALL-AROUND: Belinda Rushing, Andre Hakes, Christy Vanhoozer, Debra Davis, Coach — Gail Dalton.

MATH: Row 1 — Wade Whitehead, Mayur Patel, Christy Vanhoozer, Shannon Eads; Row 2 — Shelley Skeens, Faisal Riaz, Wendy Moody, Coaches — Nancy Parker, Betty Puckett.

SOCIAL STUDIES: Melissa Dixon, Stephanie Sutherland, Debra Davis, Brent Holliday, Ashley Smith (not pictured), Coach — Susan Edmondson.

Mayur's wind tunnel

Belinda's workplace at Ferry Pier

Look, their trip went and ended in the sunny heat for everyone. Some students are spending close to a month on research projects during the time when most of us are lying down, the pool or beach.

Summa Training and Mayur Patel were awarded to attend a summer school, participating in research. For all weeks, they worked with research scientists on actual projects. Mayur worked at NASA's Langley Research Center and Belinda worked at World Institute of Advanced Sciences. Mayur's project involved research on wind tunnel. Belinda's work at WMI was quite diverse and dealt with projects such as simulation of wind loads and summer school. But both in the Chesapeake Bay. Mayur and Belinda both attended intensive Russian language and culture classes, away from the university to immerse them for twenty days. Students who were a part of the WMI program's school for two weeks. The program also includes a variety of field trips, such as to the Chesapeake Bay, Annapolis, and Washington, as well as weekend and evening.

The Regional Governor's Magnet School at Young Men's Community College was held for three weeks during the summer. Wendy Moody, Jennifer Trivette, Heather Harris, Paula Ratz, Eddie Green, Karen Bayard, and Brett Gault attended the school. And a tremendous portion of the school where they worked on computers.

Another school of the Governor's Magnet School dealt with the subject of Civil War. Matt Kiser and Michelle Quirk were selected to attend the subject area of the school. While there, they studied plays, books, did acting exercises, and took a weekend trip to New York City, where they attended three Broadway shows.

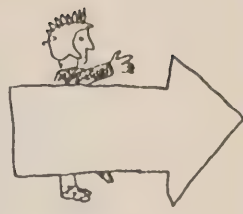

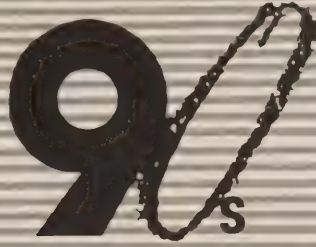

Because of the work, there are some of the students who will go into the "90's".

It's a new environment, new friends, and new teachers. It's more homework and the realization of what exams really are, but they have made it through their first year. This year has been full of fun and excitement for them. When asked what they thought of John S. Battle, many said that they like it and are looking forward to their next four years here.

The Golden Band Of Sound

About The Band

The John Battle High School Band has established a national reputation of musical achievement and accomplishment. During the past ten years, the band has performed for the Macy, Cotton Bowl, Rose Bowl, and Niagara Falls Blossom Festival Parades. Next year the band plans to perform for the 1991 Hula Bowl Parade in Hawaii. The band has won or placed in every field show competition it has entered since 1975 and was ranked 11th nationally in the Marching Bands of America Grand National Marching Band Competition (regardless of band and school size). The Golden Band of Sound is much more than a parade band. The band has performed for the Virginia Music Educators Conference on three occasions, including their appearance this past November in Richmond. The band won the 1988 Fiesta-val Festival National Copa do Oro Award for the highest composite scores of both marching and concert performances of all the Fiesta-val Festival sites in the country. Our band is also one of only three bands in Virginia to have received the Virginia Band and Orchestra Directors Association Virginia Honor Band Award every year since its inception in 1981.

The symphonic band has performed for the National Band Association's Bicentennial 1987 Convention and was invited to perform in concert for the French National Bicentennial Celebration in Paris this past summer.

This December, the Golden Band of Sound performed for the Mid-West International Band and Orchestra Director's Clinic in the Grand Ballroom of the Chicago Hilton in Chicago, Illinois. Only four other high school bands were selected out of over 500 applicants to perform for one of the most important events in the music world. The band was also chosen for a clinic presentation in conjunction with Dr. Robert Gifford of Southeast Missouri State University. Approximately 2,200 programs were distributed at the band's concert performance on Thursday evening, December 14, at 7:30 p.m.

Dr. John Zdechlick and John Edmondson, both noted composers, guest conducted and premiered two of their pieces with the Battle Band. Armin Suppan, a respected Austrian composer, also guest conducted one of his own compositions. Dr. David Widder was a guest soloist on the clarinet. The band commissioned a piece by Dr. James Sochinski of Virginia Tech that was also premiered in Chicago. The piece, entitled "Entr'acte for Band", will be published by Barnhouse Publications.

From The Director

This page is dedicated to all of the band students pictured. I appreciate your hard work and dedication toward excellence. Thanks for making one of my dreams come true.

With deep affection,

Veronica

The Mid-West International Band And Orchestra Clinic

"Among the band and orchestra directors of the world, there is no other meeting, convention, or experience quite like the Mid-West International Band and Orchestra Clinic . . . Where else can one find the best there is all under one roof?"

All Good Things Must Come To An End

Class Of 1990

Revised Stephanie Shannon

Sydney,

Hey girl! So did you
enjoy your Sophomore year at
Battle? I sure enjoyed my
freshman year. Thanks.
For being such a good friend
I wish you luck in every thing
you do. I hope you get every thing
out of life that you want.
You a sweet girl
and a friend who is always
there for you.

Stephanie

Beth,
Well school is almost over. Thank-god for
small favors. It's been great having
you in one of my lovable classes.
Hope you have a great summer and
lots of fun. Thanks for
being such a sweet friend.

It's been fun having you

in my class. I hope you have a

great summer. I hope you

have a great summer.

I hope you

have a great

summer.

Sydney,

5-16-90

Hey girl! School is just about over, and, oh, am i ever so glad! Well, next year i will finally have a title instead of "8th Grader"! Thank God! i can't wait until this summer. We are gonna have a blast. You know what else i can't wait for? Deon! Yeah, Deon! i can't wait until we finally meet eye to eye, again. The only thing i'm worried about is if he moves away with his dad. Gosh, listen at me rambling on about my life with Deon. But ain't it great, though! i'm just waiting to see if i'm gonna be in luck or not. You know, if he moves away or not. Well, i sure am glad this year is finally over. it flew by, and i'm glad, because it was a very hard year! i guess i'll see you over the summer! Good luck, anyways!
